

ALLEN ISD SEES INCREASE IN THE ACHIEVEMENT OF ECONOMICALLY DISADVANTAGED STUDENTS

▶▶ Allen ISD, in Allen, Texas, has worked with aha! Process, Inc. since 2007.

Strategies from *A Framework for Understanding Poverty* and *Research-Based Strategies* have been implemented district-wide, and follow-up has been provided through technical assistance with aha! Process, Inc. consultants.

As a district, Allen ISD has seen a decrease in the achievement gap between economically disadvantaged students and non-economically disadvantaged students.

- ♦ In English/language arts the gap has decreased 1% (6% to 5%)
- ♦ In math the gap has decreased 6% (14% to 8%)
- ♦ In science the gap has decreased 12% (24% to 12%)

The district has also seen an increase in the percentage of economically disadvantaged students with Commended Performance on the Texas Assessment of Knowledge and Skills (TAKS) test. Results are presented in the following table.

	2007	2009
ELA	32%	38%
Math	25%	36%
Science	16%	25%

Lisa Casto, Director of Curriculum and Staff Development

Our work with aha! Process has been integral in the success of students in Allen ISD. Understanding students from poverty and learning strategies for working with them is now a foundational piece of the learning of Allen ISD staff.
