KEPNER MIDDLE SCHOOL RECOGNIZED AS PRO COMP DISTINGUISHED SCHOOL

►► *Technical Assistance Reaps Results*

Kepner was recognized by Denver Public School District as a Pro Comp Distinguished School, just one year after beginning implementation of the Payne School Improvement Model. This award was based on the growth of individual students. Kepner was the only traditional middle school in the district to achieve the distinction.

The Technical Assistance gave us direction and unified us as a faculty all moving toward the same goal – student achievement.
